

Uncle/Aunty,

This is a small and sincere request to you.

Will you make just one promise  
-for me- that you will not litter or spit in  
the open?

Our earth is so kind. It gives us so much.  
How can we make it dirty?

It also looks bad. Very bad. It affects our  
life. Yours and mine.  
You know it. Don't you?

It's just a question of making up  
your mind.

If you agree, please sign below.

Can't you do it, for me?

**Wait a minute!** Before signing, look at me first, then  
close your eyes, think twice, only then make a genuine  
promise.

Because, what you might break, would be my heart,  
not just your promise.

*A little Love*

*Shvaas* is a group of individuals with an urge to collectively  
make our world a little better. We are fully volunteer run with no  
paid staff and no commercial gains. At Shvaas our goal is simple:  
to create an environment where we can benefit the community  
and change our own lives in the process.

It is out of this spirit, that we have launched an initiative fondly  
called '*A Little Love*.' Through this, we wish to touch that space  
within people's heart where sensitivity and kindness resides. And  
who else can do it more lovingly than children? In the process,  
children too would come to witness the goodness of life.

Initially, we have focused on our casual habit of littering and  
spitting in the open. We all know that it is bad, yet we do it just  
out of habit. Imagine if all of us stopped doing this, how much  
cleaner our surroundings would be? Frankly, this initiative really  
is about bringing greater awareness in our actions and deeper  
caring in our hearts.

We have requested your child, to help us achieve this. She/he  
would carry this card to known people and request them to  
make a sincere promise. We feel nobody can turn down a child's  
genuine request.

Nevertheless, the least we want is to put the child in any uncalled  
for situation. We have conveyed to her/him, and we request you  
too, to ensure that they approach people under your guidance  
only.

And yes, we request you all to provide us with your contact  
details. Rest assured that it would not be shared with any person  
or company for any commercial purpose. Kindly feel free to  
contact us for any further information. From now on, this is 'Our  
Campaign' so please let us know your ideas and suggestions.  
*Let us be the change we want to see in the world!*

In the spirit of service,  
**The Shvaas Team**
